## EXPERIENCE

---

### Shop and Field Assistant

Quality First Roofing

- Shadowed daily operations of a family-run business, observing how the owner managed customers, suppliers, and crew leaders.
- Assisted with shop tasks and field logistics, including supply runs and on-site preparation.
- Sat in on sales conversations and vendor discussions, gaining practical exposure to how a small business is run day to day.

## PROJECTS

---

### AI Calorie Tracking Dashboard

- Built a web dashboard in React that estimates nutrition from natural-language food entries.
- Integrated the Anthropic Claude API to parse user input and return structured calorie and macro data.
- Designed a clean, responsive dark-mode interface with live daily totals and goal tracking.

### Linux System Administration

- Installed, configured, and maintained Linux across multiple distributions and hardware platforms.
- Performed setup, troubleshooting, and performance tuning on desktop and handheld devices.
- Managed file syncing, storage, and system optimization across devices.

## LEADERSHIP & ATHLETICS

---

- Varsity Wrestling, three years; Team Captain (two-time), Crystal River High School.
- Led conditioning and set the standard for discipline and consistency across the roster.

## CERTIFICATIONS

---

- ServSafe Food Protection Manager
- SafeStaff Food Handler
- Microsoft Office Specialist
